

The Department of Biology at Bethune-Cookman University is seeking an adjunct instructor for biology.

Position

The position will involve teaching introductory biology courses for both science majors and non-science majors.

Duties

- The position will involve teaching introductory biology courses for both science majors and non-science majors.
- The teaching load is 3–9 credit hours per semester. The courses include both lecture and lab.

Qualifications

- Applicants must have a master's degree in biology and a minimum of 18 credit hours of graduate level biology courses.
- Applicant should have a strong commitment to teaching at a liberal arts school. Evidence of successful teaching at the college level is required. Bethune-Cookman University is specifically seeking instructors with experience teaching and mentoring both developmental and at-risk students.
- The candidate must be prepared to support the Christian and liberal arts mission of Bethune-Cookman University.
- U.S. citizenship is required.

Salary

Salary will be commensurate with qualifications and experience.

Application

Send a completed cover sheet with a resume, transcripts of graduate work, references and supporting material to:
